

## Playing safely continues to be our #1 concern.

Despite the recent rescinding of statewide mask mandates and capacity limits on businesses in Texas, Bob-O's Family Fun Center will continue to stay vigilant during this health crisis.

Bob-O's first priority is the health and safety of our employees, guests and communities during the global COVID-19 pandemic, as well as the continuity of park operation in order to fully support guests and their fun needs. As such, Bob-O's Family Fun Center continues to require masks to be worn by both employees and guests at all times while on Bob-O's premises. This includes outside as well.

This is why we are continuing to keep additional precautions and special health and safety protocols in place at our park.

Safety is our #1 concern.

- Hand sanitizer for you and our employees
- Our employees will wear masks
- Enhanced cleaning practices
- Signage to promote social distancing
- Limited capacity in our park
- Protective plexiglass shields at all registers and the redemption counter

If you have symptoms or think you might have been exposed to COVID-19, please postpone your visit to Bob-O's to a later date.
